ACADEMIC REQUIREMENTS FOR FINANCIAL AID

Tuition Assistance Program (TAP), NYS Scholarships, and NYS Veterans Tuition Awards

The academic guidelines for New York State (NYS) aid are divided into three major areas: Program Pursuit, Rate of Progress and GPA. Students must meet **all** three sets of rules in order to be eligible to receive one or more NYS award each semester.

1. Program Pursuit

Program Pursuit requires all students to earn a specific number of courses each semester. A course is considered completed when a grade of A, A-, B-, B, B+, C-, C, C+, D-, D, D+, P (Passing), or F (Failing) is awarded at the end of the semester. Grades of W (Official Withdrawal), WU (Unofficial Withdrawal), WA (Administrative Withdrawal), or WN (Never Attended) are not considered completed grades. **You are reminded that you may receive only ONE waiver from this regulation.**

2. Rate of Progress

Rate of Progress requires that a student accumulate a specific number of credits in the previous semester before receiving a NYS award for the current and/or subsequent semesters. The required number of accumulated credits depends on the number of NYS payments you have already received. Please check the John Jay College website to determine your required credit accumulation. **You are reminded that you may receive only ONE waiver from this regulation.**

3. C Average

In order for a student to receive or continue receiving a NY state award each semester, they must meet the GPA requirements. NYSHESC requires students to maintain, at least, the minimum GPA that corresponds to the number of NYS payments the student has received. Please check the John Jay College website to determine your required minimum GPA.

In addition to the above academic requirements for NYS awards, NYSHESC also declares that students must be registered for courses required for their major on file with the Registrar's Office, unless considered part of the major's eligible elective, pre-requisite, or general education requisite. You may check your course requisites by logging into your CUNY Portal account on the CUNY Portal website and clicking on the Student Advisement Degree Audit link (www.cuny.edu).

Federal Grants

In order to receive Federal financial aid, which includes Pell, SEOG, Perkins Loan, William D. Ford Federal Direct Loan, and Federal Work-study, a student must meet **both** of the following federal academic requirements.

1. GPA Requirement

Undergraduate students are required to maintain a minimum GPA that corresponds to the total number of accumulated credits earned each award year in order to be eligible for federal student aid each subsequent academic year. Graduate students are required to maintain a minimum GPA of 3.0 on a scale of 4.00 at the end of each academic year in order to be eligible for federal student aid each subsequent academic year. Please check the John Jay College website to determine the specific GPA required.

2. Rate of Progress and Pace of Progression.

Students are required to have earned a minimum of two-thirds of the total number of cumulative credits attempted. In addition, students must have not earned more than 150 percent of the credits required for the completion of the degree and must have cumulative earned credits equal to or greater than a specific percentage of credits attempted. Please see the John Jay College website to determine your required pace of progression and cumulative earned credits.
